

People of the Bible – Moses & Jethro

Discussion Questions

1. Can you think of an adult who made a significant impact in your life (teacher, coach, family member, etc.)? What made that person special?
2. Why do we place an emphasis on having intentional relationships with people that are older than you? What can be gained by the mentor (older person)? What can be gained by the mentee (younger protégé)?
3. Are you currently involved in a mentoring relationship? If so, how is it going? If not, what might be keeping you from asking someone to invest in your life?
