WHO WE ARE

In Grace Communion International our heartbeat is sharing the love of our Triune God. Our hope is that as many people as possible experience freedom and transformation of living in relationship with Father, Son, & Spirit.

WHERE WE COME FROM

We are a congregation of Grace Communion International (GCI). GCI is a mosaic of churches knit together in grace. With 900 churches spread across 100 countries, GCI's churches and members strive to create inclusive communities where the God's relational nature is proclaimed. Our desire is to create a space where all people are welcomed into the love and life of Christ. In doing so, we reflect the heart of Jesus' ministry – salvation for the whole world.

WHAT WE BELIEVE

Grace Communion International believes that theology should be rooted in the Bible, especially the New Testament. Our Theology is rooted in Trinitarian Theology due to its emphasis on the relational nature of the Father, Son, and Holy Spirit.

WHAT DOES THIS MEAN FOR YOU

Most importantly, you're always welcome at Grace Communion International. If you want to learn more about our church visit gci.org.

How To Edit & Print your Postcard

1. Before you do anything else, make sure this pdf is opening in a version of **Acrobat Reader**.

2. To create custom text with your congregation's name, navigate to the toolbar at the top, and select **View, Tools, Edit PDF, Open**.

3. You should now be able to click your cursor in the text box and edit the labeled text.

4. Navigate to the toolbar at the top, click on the **File** tab, and select the **Print** option.

5. Once within the Print menu, make sure to check the **Print on both sides of paper** box.

6. Before printing multiple copies, it is always a good idea to print a test sheet to make sure they are printing in color, and correctly on both sides of the paper.

7. Once you print your test page, navigate back to the Print menu and select in the **Copies** box the number of cards you want printed.

8. If you want to print the connection card only, go to the **Pages to Print** section, and type "1-2" into the Pages box.
