Christmas Invitations

Joy to the world! Christ is born! During Christmas we celebrate the incarnation, when God became flesh and blood and moved into our neighborhood. A gift immeasurable, a love incomprehensible. Reflect on the love of Christ this season and invite your neighbors to your Christmas service. Extending an invitation shows your investment in and care for your neighborhood.

Here are some ways to extend the invitation:

- **Go out in pairs and hang door hangers or hand out invitations.**
- **Ask local coffee shops and businesses if you can post your invite on their community board.**
- **Give members a stack of printed invites to give to their friends and family.**

Consider this an opportunity to prayerfully and personally reach out to your neighborhood.

Templates are located here on the Venue Resources page of the GCI Resources website.
