

DAN KRUPP

Associate Pastor - Woodbine, GA

Tell us about your role in GCI.

Priscilla and I serve our local congregation here in the great city of Woodbine, Georgia. I am an associate pastor, serving with Pastor Marty Davey, and Elder Calvin Mitchell and his wife, Jeannie.

What skills do you bring to the role?

I was a school teacher in a former life, so, hopefully, I bring some people skills to the table. A love of people and learning brought me to teaching, and a love of Jesus and his love for his church inspires me as I serve in ministry.

What makes you a good fit?

I think being vulnerable has helped. My weaknesses have certainly helped me grow in humility.

What do you want people to know about working here?

I would like people to know that we are a little group of people that are on fire with the love of Jesus. We are a group of people that have been given a great, liberating deliverance, and we want to share that deliverance with others.

What excites you about this role?

Here's one "little" example: Last Sunday a new couple came to visit us. When the young lady reached her pew, she knelt down and prayed. How awesome that we are a little church where someone can feel comfortable to express their crying need for God by falling on their knees in our midst!

What are the challenges?

I think our greatest challenge has been that as we have been reaching out to the community a lot of folks seem pretty heedless to our outreach. However, as we have been patient and kept at it, we are beginning to see some touching results.

Dan and his wonderful wife, Priscilla.

Get to Know Dan

1.

What is something people don't know about you? When

I was young, I used to enjoy backpacking, especially in the Rockies. One time in Yosemite, a bear got my backpack and ripped into our food supply. He seemed especially fond of my toothpaste!

2.

What else is important for our readers to know? May we as

the church universal, the all-embracing body of Christ, lay aside our inner conflicts that so divide us and unite to cast down the strongholds of poverty, hunger, natural calamity, wealth-induced indifference, environmental degradation, greed, violence, and war.

3.

How are you learning to be rooted in place? I'm still

learning that one. Some days Priscilla and I are tempted to just run off and go camping!

"I would like people to know that we are a little group of people that are on fire with the love of Jesus. We are a group of people that have been given a great, liberating deliverance, and we want to share that deliverance with others."
