New Ashongman, Accra, Ghana

## *Tell us about your role.*

Currently, I have two major roles in New Ashongman, Accra, Ghana. I also fulfill other assignment when needed. Firstly, I am one of the traveling speakers: I prepare sermons and travel outside my main congregation to other congregations, as assigned to preach within the year. I also give sermons in my congregation. Secondly, I am the Love Avenue champion. We reach out to people in the community with the gospel and with other social activities. I sometimes assist in the youth ministry, children's ministry, and the men's ministry.

## *What skills do you bring to the role?*

With the training from youth club and speakers' seminar, I am able to impact positively in the act of speaking, and the continued leadership capacity attributed to this role.

## *What makes you a good fit?*

Continual learning and knowledge by experienced elders in the church keep me on track. I am always evaluated after my assignments to ensure my compliance with our church beliefs and practices.

## *What do you want people to know as you work/serve here?*

People must know who Jesus Christ is, and that they are to build their life with faith as Jesus as the pivot of our lives. I want them to understand that service to God is joyful and rewarding.

## *What excites you about this role?*

I'm excited about serving God in church and in my workplace and about being able to

1.

**What are some core values that guide your life and influence your approach to ministry?**

The core values that are my guide include self-control and discipline. Nothing I do should bring the name of God into disrepute, whether via my church, my family, or my person.

2.

**What is something people don't know about you?**

Most people do not know that I do more than one job for a living.

3.

**What else is important for our readers to know?**

I feel good when I am called on in an emergency situation for an assignment and am able to fill the vacuum.

4.

**Can you share a memorable experience or testimony from your time in this role?**

I remember, on one speaking schedule, I prepared my sermon ahead of time and was fully ready for the time. But two days to the time, I heard a voice directing me to a different topic, which I did at the last hour after trying to ignore the feeling. After that sermon, I had many members thanking God for a solution to their challenges, and I was also well evaluated by one of my elders.
